

Körnerpick Flour Mix Oregano

Complete Feed

Complete feed for laying hens

Our Flour Mix Oregano is a high-quality, GMO-free complete feed that provides your chicken with all the essential vitamins and minerals they need. The ingredients used in this meal are very gently and coarsely milled to encourage optimum feed intake. It contains soybean meal, which will provide your chicken with natural protein. The addition of oregano gives this appetising mix its distinctive flavour and will also help to keep your chicken healthy.

Our Flour Mix Oregano is also suitable for feeding poultry such as geese and ducks.

Feeding recommendation:

We recommend to offer Körnerpick Flour Mix Oregano for free disposal, calculated with an average feed intake around 120g per hen / duck per day and 350g pro goose per day during the laying period. Differences in breed and weight have to be considered. Please keep in mind to offer your poultry always enough fresh drinking water.

Extra Tip: We recommend adding around 10% grain feed as Körnerpick Grain Feed Premium or Körnerpick Grain Feed Basic, to sufficiently satisfy your chickens' natural pecking instinct.

Our Flour Mix Oregano is also suitable for feeding poultry such as geese and ducks.
