

Körnerpick Structure-Grain Mix Oregano

Complete Feed

Complete feed for laying hens

With our Structure-Grain Mix Oregano you offer your chickens a tasty and GMO-free complete feed. It is tailored to the high demands of laying poultry and provides chickens, but also ducks and geese with all the important nutrients from the laying stage. Roosters also like to eat our Structure-Grain Mix Oregano, so a separate feeding is not necessary if roosters run with the chickens. The mixture of regional grain is supplemented by high-quality protein suppliers such as non-GMO soy and peas, the combination with diced carrots and parsley stalks offers an additional tasty but also visual incentive to satisfy the natural urge to pick. The oregano oil it contains promotes a balanced intestinal flora and supports a stable immune system.
