

Körnerpick EMH Chicken-Mash

Complementary Feed

Complementary feed for poultry

Our EMH Chicken-Mash is an innovative, GM-free supplementary feed, which is guaranteed to be readily accepted by your chickens due to its high quality. This also makes it ideal for poor eaters. Fed soaked, this extremely tasty mash is enjoyed by chickens and adds variety to the feeding trough. It is also easily digestible thanks to the addition of our Eggersmann Mikro-Herbs, a plant extract fermented by microorganisms. The wild, medicinal and aromatic herbs in EMH support your chickens' immune system, which will help to keep them in better overall health. Our EMH Chicken-Mash is also suitable for feeding geese and ducks.
