

Liverwurst

Dog Snacks

Complementary feed for dogs

Feeding recommendation:

Our Carnebello liverwurst is particularly tasty and suitable for all dogs as an easy-to-dose, clean treat. Our liverwurst for dogs is free from preservatives and processed without added sugar or grain.

The dogs can lick the liverwurst straight from the tube, which makes our Carnebello liverwurst an ideal snack, for example to keep the dog in a certain position during training or to provide a calming distraction at the vet. Even pills with a bad taste can be easily hidden in the tasty paste. Furthermore, Carnebello Liverwurst is the ideal companion for filling chew toys or when travelling.

Ruokintasuositus:

As a rewarding supplement to daily dog food, we recommend the following dosage:

For small dogs: up to 15cm Carnebello Liverwurst

For medium-sized dogs: up to 20cm Carnebello Liverwurst

For large dogs: up to 30cm Carnebello Liverwurst

Once opened, the tube should be refrigerated and used within 7 days. It is best to warm to room temperature before feeding so that the paste can be easily squeezed out of the tube.
