

Carnebello Advent Calendar for dogs

Makupalat

Complementary feed for dogs

Behind every door there is a Christmassy dog snack with the best ingredients, whereby we deliberately avoided adding sugar and artificial colors or flavorings.

All dog snacks in the Carnebello Advent Calendar are also grain-free and contain no meat by-products. The Christmas dog treats contain no beef or pork, which means that you can give your sensitive dog 24 little pre-Christmas treats with the Carnebello Advent Calendar.

In order to avoid unnecessary plastic waste, the inlay of the Carnebello Advent Calendar consists of a special BioForm film, which consists exclusively of natural, renewable and degradable raw materials. The film is also 100% mineral oil-free, 100% compostable and 100% biodegradable.

And if you are searching for a special Christmas present for your darling: you will find a discount code for the [Carnebello dog food online shop](#) on every Carnebello Advent Calendar.

Feeding recommendation:

The Carnebello dog biscuits are fed in moderation as a snack between meals.

In addition to feeding, sufficient fresh drinking water should always be offered.
